Professional Summary

Motivated and skilled Software Developer with hands-on experience in web development and game design. Proficient in HTML, CSS, JavaScript, and Unreal Engine, with a growing understanding of C++ and C#. Strong ability to design and develop user-centric solutions, demonstrated through web-based projects and game development. Adept in version control using Git/GitHub and a solid understanding of responsive design and UI/UX principles. Seeking a software development role where I can contribute technical expertise to develop scalable and efficient applications.

Technical Skills

- Programming Languages: JavaScript, C++, C#, Ruby
- Web Development: HTML, CSS, Angular.js, Responsive Web Design
- Game Development: Unreal Engine, Unity
